Welcome!

We're delighted that you're interested in Teen Services at the Columbus-Lowndes Public Library System. Our services for teens include a variety of programs including crafts, clubs, and more. We pride ourselves in helping our community's teens celebrate who they are and what they're interested in with no judgments. Through our workshops, we strive to prepare teens for the world and workforce they'll be facing in the future. Get to flipping to find out more!

My Programs

ANIME + MANGA CLUB

The bi-monthly anime + manga club focuses on watching one episode of anime, discussing our new and favorite manga series, and breaking down plot and character developments. No genre is safe! Shonen, shoujo, seinen + more are all welcomed along with any suggestions.

MONTHLY PROGRAMS

Teen programs are offered monthly and have included cooking classes, STEM engineering challenges, art programs, and more! Programs are ever-changing and open to suggestions. Call 329-5300 to suggest a program you want to see!

TEEN WRITING ASSISTANCE

Need some resume tips? How about strategies to write that college entrance essay? Or maybe an English class prompt? Or do you just need a creative outlet? Call Tori at 329-5300 or email thopper@lowndes.lib.ms.us to set up an appointment.

TEEN DISCORD SERVER

A safe space for teens to gather to talk all things programs, books, ask questions, and more is available over on our Teen Discord Server at: <https://discord.gg/CnCAE8Y>. The server is monitored by CLPLS Staff and any abuse will result in removal from the server.
